

HealthSouth Announces Proposed Senior Notes Offering

PR Newswire
BIRMINGHAM, Ala.

BIRMINGHAM, Ala., Sept. 6, 2012 /PRNewswire/ -- HealthSouth Corporation (NYSE: HLS) today announced it plans to commence a public offering of senior notes pursuant to an effective shelf registration statement filed with the Securities and Exchange Commission (SEC). The Company intends to use the net proceeds from this offering to repay amounts currently drawn on the revolving credit facility under the Company's credit agreement, redeem up to 10% of the outstanding principal balance under the existing 7.25% Senior Notes due 2018 and the existing 7.75% Senior Notes due 2022, and use the balance of the net proceeds of this offering, if any, for general corporate purposes. Affiliates of certain of the underwriters are lenders under the revolving credit facility under the Company's credit agreement and will receive a portion of the net proceeds used to repay amounts outstanding under the revolving credit facility.

The Company believes this notes issuance is consistent with its strategy of opportunistically accessing new debt capital when the Company believes market conditions are highly attractive. With this offering, the Company believes it can raise long-term non-amortizing funds at an attractive interest rate. With the proceeds of this offering, the Company can repay the amounts currently drawn on its revolving credit facility, which will enhance the Company's capacity and flexibility to pursue growth and recapitalization strategies. The Company believes it will have opportunities to invest capital in a manner that offsets any dilution in the earnings per share associated with this offering.

Wells Fargo Securities; Barclays; BofA Merrill Lynch; Citigroup; Goldman, Sachs & Co.; J.P. Morgan; Morgan Stanley; RBC Capital Markets; and SunTrust Robinson Humphrey will act as joint bookrunning managers of the senior notes offering.

The offering is being made solely by means of a prospectus supplement and accompanying prospectus, which has been filed with the SEC.
